Academy of Scuba - Glen Iris.

Academy Of Scuba - Glen Iris is the flagship shop of the AOS Family. A Family owned and operated dive store based in Glen Iris in Melbourne's Inner South east. Kat Vcelka and Travis Wellington relaunched Academy of Scuba in 2009 and celebrated in style by also hosting a surprise wedding at the same time. Plenty of smiles and a

lot of fun was had as our family and club members let their hair down and ushered in not only the wedding but also the new dawn of Victorian diving. Our Dive Club is what makes AOS Glen Iris such a fantastic place to be and work. Thursday nights

see anywhere from 25-70 people heading down for a few quiet drinks, plan weekend dives and chill with so many other like minded people with the one life-changing skill in common – DIVING. With the BBQ on full, the kids running around and the gentle hum of everyone sharing stories, tips and a few opinions, it makes for a great laid back atmosphere to reignite the passion we all share.

Combine all that with our special presentations covering subjects as diverse as Spear-fishing, Cave Diving, O.S trips and Deep Wreck adventures, our Thursdays are always well attended and a happy place to be around.

Academy Of Scuba – Glen Iris is a PADI 5 Star IDC store covering the full gambit of all PADI courses and Specialties. We also offer a full range of PADI Tec Rec, IANTD, TDI, and CDAA courses with some of Australia's most highly regarded technical instructors. We are lucky enough that our Dive Crew consists of some of the best instructors in the world, all of which specialise in their given area. Whether it be Cave,

Side Mount, Deep, Wreck or Tri-Mix diving our instructors will take you through all the way and won't stop until you reach the underwater goals you have set for yourself.

But let's not forget where we all started... Academy Of Scuba Glen Iris also boasts an exceptional Open Water Instructional team second to none. Combined with a roster of highly trained Divemasters that go through an intensive (some of them would say

excessive) internship our Open Water courses are limited to a ratio of 4:1 – meaning more one on one time in the water with your instructor. This will help you feel more confident during your course and prepare you for your underwater adventure to the highest of standards - far beyond international standards.

We have all heard the phrase "If you can dive here, you can dive anywhere" when talking about Victoria's coastline, well we pride ourselves on the fact that you won't just be Diving here – you will excel in our conditions.

Academy Of Scuba – Glen Iris, has a huge range of Oceanic products, is lucky enough to be able to test a lot of them before they hit the market, and has staff trained extensively to help you with decisions on your equipment. And always looking for an excuse to get into the water, will no doubt jump in and show you how to get the most out of it. We also have most Oceanic BCDS and Reg combos available to try before you make the decision on what is right for you.

Chuck in all the usual suspects – Nitrox fills, Boat charters, tank testing, a Service Lab (with 2 day turn around), in-house technicians, Dive trips both OS and Domestic, Victorias only in-house Dive Doctor, a beach club-house and even a Beach shop located at Rye for those last minute fills on the waterline, Academy Of Scuba – Glen Iris is truly your one stop Dive shop in Victoria. We pride ourselves on being the best, an industry leader - setting the standard. Let us show you how!!
