

OCEANIC Dealer of the Month!

Sunreef Diving!

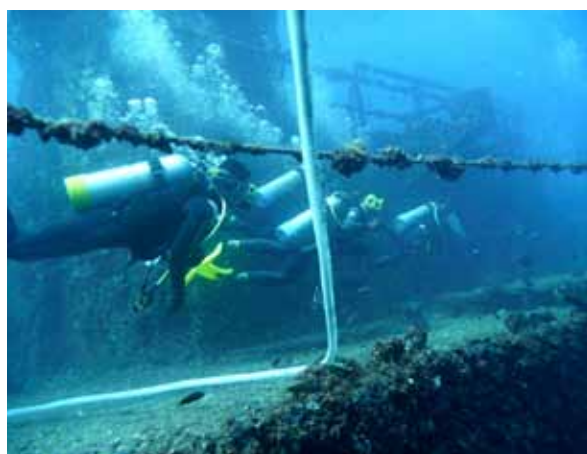

Why dive with Sunreef Scuba Diving Services? Here's what their clients say...

"The best organized trip in the last 500 dives"
 "The whole course was fun & Ben, our instructor, made everything easy to understand and fun!! Cheers Bro!!"
 "Had a great dive on HMAS Brisbane, Great staff! Thanks again Matt, great support"
 "Great, Top notch operation"
 "The dive on the ship

was fantastic, and the crew at Sunreef are absolutely the best!"
 "So glad I went a second time, thanks to Dan and the skipper"
 "Fantastic dive with Bill. Great confidence builder for a new diver. Huge Thankyou guys"
 "Great Dive, Professional crew, will recommend to friends, Thanks".

Sunreef has been serving the Sunshine Coast for over 30 years. It is the Sunshine Coast's only PADI 5 Star Instructor Development Center and the only PADI Dive Center with permits to dive the Ex-HMAS Brisbane. It is also Oceanic's #1 retail center in Queensland for 8 years. Owners Greg Riddell and Paul White bring both unity and diversity to the business that keeps it fresh and cutting edge. "Giving people the best experience of their life is what we aim to do each day we open the door", "telling divers what they are paying for and then delivering on that promise."

To meet the demand of a PADI 5 Star Instructor Development Center Sunreef has assembled an instructor staff with a wide range of backgrounds, and experience. Class sizes are kept small with a maximum of 6 students creating a personalized experience. It's the perfect location for current divers to expand their skills with the Advanced, Wreck, Deep, Rescue, and Enriched Air Diver Courses, and the Ex-HMAS Brisbane is the perfect site.

Sunreef Scuba Diving Services
 110 Brisbane Road, Mooloolaba
 4556, Queensland, Australia
 Ph. 61 7 5444 5656
 Fax. 61 7 5478 0716
 Email: dive@sunreef.com.au

It's a great way to gain additional training. Vacation at the Sunshine Coast, Dive the Ex-HMAS Brisbane, and gain new skills and a certification at the same time!

The Ex-HMAS Brisbane celebrated its 6th anniversary of being scuttled on July 31st of this year, and is regarded by many as the most successful site in Australia. It provides its visitors with year round access and a diversity of marine life that is second to none. With depths ranging from 5 to 27 meters and allowing penetration at virtually all levels for recreational divers, there is excitement for everyone that takes the plunge. Diving on the HMAS Brisbane is a breeze with the Sunreef Team. The custom built 37' Kevlacet, '2EZY is spacious and comfortable. The two mid-ship mooring locations let our divers maximize their diving time by putting them right on the deck as soon as they are in the water.

it easy to instill confidence in our buyers, because we have confidence in our supplier". In fact as of December Sunreef has just purchased 34 new sets of Oceanic hire gear.

To keep their divers active Sunreef has its "Loose Cannons" dive club. "Live-aboard trips to Lady Musgrave and day trips to Flinders Reef are popular with our divers". International trips for 2012 were released early November and at the time of this writing were about 50% full already. "This year's trips to Walindi, Uepi, and Sipidan Island are looking to be some of the finest we have ever done".

From all the team here at Sunreef, "Come Dive with Us!" Contact Greg or Paul on 02 5444 5656, email dive@sunreef.com.au, website www.sunreef.com.au or Facebook www.facebook.com/sunreef.
